GC24818-1 立柱式附衬缝纫机

本机型是设计用于服装附衬作业的专用缝制设备。采用电脑控制机针的上停针或下停针，立柱式的缝台，更适宜于弧面、曲拐形物料的的作业。由于可自如调整缝速，使手拉式的送料灵活方便，提高了制品的质量和产量。本机采用滑杆挑线、旋梭勾线、半自动润滑，故缝纫性能优良，调整维护方便，是服装生产企业用于高档服装附衬的理想高效设备。

GC24818-1 立柱式附衬缝纫机

GC24818-1D 自动剪线立柱式附衬缝纫机

This machine is a new product of Highlead brand industrial sewing machines, which is designed with post bed for convenient stitching on surfaces with radius, needle positioning by control box, sliding bar for thread taking-up, rotating hook and semi-automatic lubrication. It features convenient feeding by hand thanks to easy sewing speed adjustment for high stitching quality and productivity, excellent sewing performance and easy maintenance. It is an ideal and efficient basting equipment for manufacturers of super class garment.
